

Join the AANM and be a part of the emerging field  
of Nanomedicine

## American Academy of Nanomedicine Fourth Annual Symposium

Join us for the Fourth Annual Symposium of the AANM  
September 4-7, 2008

at the Bolger Center, Potomac, Maryland

The symposium will feature three keynote speakers:

- Dr. Robert Langer, Massachusetts Institute of Technology
- Dr. Sam Stupp, Northwestern University
- Dr. Mihail Roco, National Science Foundation

as well as many other nationally and internationally renowned researchers in nanomedicine, and representatives from government institutions and funding agencies.

The scientific sessions will include:

- Novel Nanomaterials and Their Biomedical Applications
- Basic Science Advances Driving Innovation in Nanomedicine
- NCI's Vision for Cancer Nanomedicine
- Drug and Gene Delivery
- Translational Nanomedicine
- Funding Opportunities
- Diagnostics: Imaging and Biosensors
- Clinical Applications of Nanomedicine
- Nanomaterial Safety and Toxicology
- Commercialization and Patent Protection
- Formation of the International Academy of Nanomedicine

Hotel registration, specify AANM Symposium for discounts. Early booking is encouraged.

Symposium registration before 7/1/08: \$225 USD, before 8/15: \$275 USD, on site: \$325 USD

\*\$100 USD discount with MEMBERSHIP Postdocs/students before 7/1/08: \$100 USD, before 8/15/08: \$150 USD, on site: \$200USD

Poster abstract submission deadline July 1, 2008. Abstracts without registration will not be considered. Please select one of the ten above sessions. The four best student/postdoc posters will each receive \$500 USD travel awards, and the opportunity to orally present their research. The abstract format and the registration form can be found on the AANM website.

**Co-Organizers** Esther H. Chang, Ph.D. (Georgetown University) and  
Justin Hanes, Ph.D. (Johns Hopkins University)

**AANM President** Chiming Wei, M.D., Ph.D. (Johns Hopkins University)
